

The Episcopal Children's Services Provider Resource Mobile and Lending Library

Child Care Resource and Referral has two fully equipped Resource Mobiles that provide the latest developmentally appropriate equipment, including resource and curriculum guides, videos, toys, books, cassette tapes and CDs for checkout by child care providers and family child care homes. Both vans are dedicated to infant/toddlers, preschool, and school age children.

Similar to a library, child care providers are able to check out materials and equipment for one month. The Resource Mobiles service Clay, Nassau, Baker, Bradford, and St. Johns counties. Each Resource Mobile has an Early Childhood Specialist who can provide training and technical assistance to the provider.

You can also visit our Provider lending Library and Resource Room 12:30-4pm, Tuesday through Friday at our Putnam County Office, located in the Palatka WorkSource office at 400 Hwy. 19 North, Suite 33.

To schedule a visit from the Resource Mobile call us at 1-800-238-3463.
