What is the Home-Based Program?

A Parent Educator will come to
your home weekly and provide **FREE**:

- ◇ Developmental screenings.
- ◇ Services for pregnant women & children birth to three.
- ◇ Referral to community services.
- ◇ Socialization activities with other families.
- ◇ Information on child development and early learning.

A knock on the front door can bring YOU the support YOU need to nurture your young child's healthy development. Home visiting reaches families where they live by delivering parent services directly to the home environment. Together we will help you plan ways to help your child learn using parent-child interactions, daily routines, and household materials.
