Point out the shapes you see in everyday objects. Example: "Look at the square table, the rectangle door, the plate is a circle" 	Name Pictures in Books: Point out connections between books and your child's "real" life. For example, after you see the picture of a truck in a story, you can watch trucks on the street on the street later that afternoon. Help your toddler make these essential connections. Individualized Target Activities					

Glue Recipe:

Mix one part flour with one part of water (eg, 1 cup flour and 1 cup water, or 1/2 cup flour and 1/2 cup water) until you get a thick glue-like consistency. Add a bit more water if it's too thick. Mix well with a spoon to get rid of all the lumps.

Bubbles Recipe:

Measure 6 cups of water into one container, then pour 1 cup of dish soap into the water and slowly stir it until the soap is mixed in.
