

Teachers:

Week of: June 8-12, 2020

Lesson Plan for:

Schedule	Monday	Tuesday	Wednesday	Thursday	Friday
Music & Movement	Body Boogie https://www.youtube.com/watch?v=cZeM18fPbvI	Move and Freeze https://www.youtube.com/watch?v=388Q44ReOWE	Tooty Ta https://www.youtube.com/watch?v=MwoTsWlz60I	Boom Chicka Boom https://www.youtube.com/watch?v=F2XVfTzel8E	Jump Up, Bend Down https://www.youtube.com/watch?v=X7jSWdnoshw
Daily Activity	Science: Add some water to a glass/clear cup or jar. Spray shaving cream on top. Have your child slowly drip food coloring onto the shaving cream. Watch with them as the “rain” eventually falls through the cloud. 	Health/Nutrition: Add some water to a bowl, then help your child sprinkle some black pepper into the bowl. Now let them put some dish liquid on their finger. Help them dip their finger into the bowl and watch the pepper move. Talk to them about germs and the importance of washing their hands.	Art: Cut and create art stencils with toilet paper rolls. Dip the stencils in paint and stamps paper to make art. If you do not have paint, make watercolors with water and markers by dipping markers into a small amount of water. 	Fine Motor: Cut out a circle or use a paper plate to help your child practice fine motor skills. Let your child color the circle or plate yellow if you want. Then, encourage them to snip or cut small straight lines. Help them if needed and watch them cut until they are finished for safety. 	Virtual Fieldtrip: https://www.farmfood360.ca/?utm_source=domain&utm_campaign=www.virtualfarmtours.ca&utm_medium=redirect Take a virtual trip to the farm. Explore some pictures and videos of cool farm animals! 
Math/ Literacy Activity	Name Confetti Tear or cut up some paper like confetti and use glue to write your child’s first name. Encourage them to make the letters in their name with confetti. 	Number Spin Create a number spinner using a paper plate. Draw 8 lines on the circle to create 8 sections. Write each number (1-8) in and the same amount of dots. Point to each number and have your child identify it. 	Letter Match Create a bingo card with 12 capital letters and single cards with lower case letters that match. Encourage and help your child match the letters. 	Number Spin Hunt Using the number spinner you made on Tuesday, point to a number and have your child find that number of items around the house. The items can be barrettes, toy cars, cereal, or even small crackers like Goldfish.	Salt Tray Pour salt on a tray or plate & create math sentences. Help your child practice adding simple numbers. They can use small objects like toys, cereal or small crackers like Goldfish to help them add. 

Teachers:

Week of: **June 8-12, 2020**

Lesson Plan for:

Schedule	Monday	Tuesday	Wednesday	Thursday	Friday
Gross Motor <i>Let's Get Moving!</i>	Alphabet Ball Encourage your child to pass a ball back and forth with you. Call out the letters of the alphabet each time the ball is thrown, until you reach letter z. You can use folded socks if you do not have a ball.	Learning Scavenger Hunt Write the numbers 1-10 and hide them around the house for your child to find. Have them move different ways as they find each number. For example, hop, jump, twirl, etc.	Limbo Use a broom/string, chair and a countertop to play limbo with your child. Show your child different ways to go under the broom/string. Encourage them to come up with some creative ways to go under. Add music for more excitement. 	Number Ball Encourage your child to pass a ball back and forth with you. Call out numbers 1-20 each time the ball is thrown, until you reach 20! You can use folded socks if you do not have a ball.	Learning Scavenger Hunt Have your child find various items that you describe. For example, "Can you find a something red and that has 4 wheels?" (toy car) or Can you find something that we read?" (book, newspaper, etc.)
