Read and describe the pictures (<i>Younger babies may only be able to handle a minute or two on their tummy, but it is important to provide some tummy time to infants every day</i>).</p>  | <p>The Happy Bee: Listen to this story with your baby. Describe new and unfamiliar words during story. https://www.youtube.com/watch?v=hZM_UT1ojSA</p>  | <p>I Can See You Baby: This fun game is played by covering your face with your hands then taking them away. Pull the sock away and see if your baby will follow / grab the sock. Shake the sock often to get your baby's attention. | Reach Baby Reach: While your baby is laying on their tummy, place an object in front of them and have them reach for it. This will help your infant start to crawl.  | Baby Demolition: While your baby is laying on their tummy have your infant knock over a block structure that you set up. Say – <i>"Do you see the blocks? Look I can stack them on top of each other. Can you knock them over?"</i>  | Water Fun: Put a small amount of water in a bucket, or bin, or small bowl. Place a few toys inside the water. Let your baby splash and play in the water as you talk to your baby about the different toys. <i>Be sure to keep a watchful eye with water play.</i> | Play Ball: You can do this inside or outside.
