

## Your feedback is needed!

Good Afternoon Clay County Providers,

The Health Planning Council of Northeast Florida is working with the Department of Health in Clay County to conduct a community health assessment. A community survey open through June 30<sup>th</sup> and they are looking for as much feedback from the community as possible. By filling out the survey, community residents are able to give feedback about Clay County's current health status, needs, and issues. This will help the Florida Health Department in Clay County justify how and where resources should be allocated to best meet community needs. Would you please share the QR code flyer and link with our families?

You can download flyers to share from our website in **English** and **Spanish**.

Here is the direct link to the ~10-minute survey: <https://forms.office.com/r/XtW4j5cFBR>

Thank you for your help!

If you have any questions regarding the survey, please contact:
