

Dear Providers,

Great news! If your program and any eligible staff have applied to any of the workforce grants, the scheduled training options for our virtual instructor led courses (through TeachStone) have been locked in & are now posted on our website at:

<https://www.ecs4kids.org/arpa-grant-applications/>

On the website underneath the section Scheduled Trainings, you will see a link for the TeachStone trainings & then a link for the MMCI trainings. Please note for the MMCI trainings the deadline to apply for the Pre-K training is 3/3/23 & then for the infant/toddler is 3/13/23.

Please post these trainings in your center for your staff to be able to view as well. It will be your responsibility to lock/register the trainings that your center will be participating in as a whole. It will be your staff's responsibility to register for trainings related to any of the grants that they have applied for.

To register, please email: workforcegrants@ecs4kids.org

In the email, you will need to include your legal first and last name and your email along with the training title & dates for which you are wanting to register. If you have staff who applied for training under the recruit & train bonus for either the RECRUIT & TRAIN CLASS Bonus (Pre-k or Infant/Toddler), they will need to make sure they are locking in/registering for training dates as well.

Please keep in mind that the availability of these instructor led trainings will only be available at the scheduled time. To receive bonus incentives for the grants applied, all training requirements must be met so it is very important to secure your seat to ensure you are able to meet the requirements by or before the deadline, June 30, 2023.

If you have any questions, please email me at: workforcegrants@ecs4kids.org

Thank you,

Shcovia Grimes
