

VPK Providers,

Please see the email below from the Division of Early Learning’s VPK Team. For additional information on these training requirements and the available training links, please visit:

Good morning, Early Learning Coalitions,

This email is to notify coalitions and VPK program personnel of the decision to require VPK FAST Star Early Literacy training for test administrators annually.

VPK FAST Star Early Literacy test administrators certificate of completion and DCF transcript both have a completion date, this is valid for 1 year.

For example, a test administrator completed training 7/6/2022, training would be required again on or before 7/6/2023.
