

Important Message: The Division of Early Learning (DEL) will be sending out satisfaction surveys periodically to families and child care providers that we, the Early Learning Coalition of North Florida (ELCNF) and Episcopal Children's Services (ECS) serve. We encourage you to complete these surveys as DEL is our primary funder for our School Readiness, VPK, and Child Care Resource and Referral programs. By completing these surveys, you will have the opportunity to not only rate our services, but also share how these services have impacted your family and/or program. The ELC of North Florida and ECS would like to THANK YOU in advance for your assistance with completing these surveys!
