

YOU are invited to a

Books, Balls, & Blocks!

Developmental Screening Event at the Clay County Library!

What is a BBB Developmental Screening Event?

It's a free, fun event for families and children ages birth - 8. It will be held during Storytime!

What happens at the event?

Children engage in developmentally appropriate play while their parent/guardian completes an Ages & Stages Questionnaire. During this time, parents are strongly encouraged to engage in activities with their child.

What are the benefits?

It's the ideal time to check if your child is hitting important developmental milestones, learn about community resources, engage with other parents, and share in the joy of every achievement!

Did we mention that there will be prizes and giveaways!?

Orange Park Library

March 22, 2025

10:30 a.m. to 12:30 p.m.
