

FAST: Important Information and Reminders

Dear VPK Providers,

PRIOR to testing children, VPK Providers are required to upload the following to the Provider Portal's Document Library folder labeled: **25-26 VPK FAST TEST Administrators**

1. VPK FAST Test Administrator course certificate
2. Security Agreement Form
3. Prohibited Activities Form

This requirement is for anyone who will be assisting the children with the VPK FAST testing.

Any child tested prior to having a certified test administrator will unfortunately have to have their tests deactivated and retested once a certified test administrator is in place and has uploaded all required documents.

Every program must provide a student's performance results from the coordinated screening and progress monitoring to the student's parents **within seven (7) calendar days** after the administration.

The Progress Monitoring link on the WWW.ecs4kids.org site is not currently showing the 25-26 PM dates. If you need your PM dates please email VPK@ecs4kids.org and request them.

Please note that we have a new email for all things VPK FAST: VPK@ecs4kids.org. Please feel free to reach out with any questions regarding VPK FAST to this email address.

Thank you,
ECS4Kids
